

**13.30 POWERS AND AUTHORITY OF INSPECTORS.** (1) The Director of Public Works and other duly authorized employes of the Village bearing proper credentials and identification shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling and testing in accordance with the provisions of this subchapter. The Director or his representatives shall have no authority to inquire into any processes, including metallurgical, chemical, oil, refining, ceramic, paper or other processes beyond that point having a direct bearing on the kind and source of discharge to the public sewers.

(2) While performing the necessary work on private properties referred to in sub. (1) above, the Director or duly authorized employes of the Village shall observe all safety rules applicable to the premises established by the company and the company shall be held harmless for injury or death to the Village employes and the Village shall indemnify the company against loss or damage to its property by Village employes and against liability claims and demands for personal injury or property damage asserted against the company and growing out of the gauging and sampling operation, except as such may be caused by negligence or failure of the company to maintain safe conditions as required in sec. 13.26(9) of this subchapter.

(3) The Director of Public Works and other duly authorized employes of the Village bearing proper credentials and identification shall be permitted to enter all private properties through which the Village holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair and maintenance of an portion of the sewage works lying within said easement. All entry and subsequent work, if any, on said easement shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved.
